

MEET YOUR NEW TEAM...

Kip Bradford
Speaker/Co-Director, Better Life

As the new Speaker/Co-Directors here at Better Life Broadcasting Network, we've been praying and working hard to give guidance and support to a wonderful and talented staff. We pray continually that God will provide wisdom, vision, and humility as His perfect will for this important media ministry is revealed.

For the past several years, Better Life has experienced incredible growth. As unexpected opportunities to broadcast into many communities have arisen, Better Life has responded. Now potentially millions of homes from Southern Washington to San Jose, California and Reno, Nevada can receive the Good

News of Jesus' soon return and learn of His unyielding love for mankind as displayed on the Cross.

One thing is clear: God is in control of this ministry and as long as we approach all our decisions with the desire to seek and follow His will in every way, from finances to program development to unexpected growth opportunities, this ministry will serve God's purpose.

As we move forward, we humbly ask that you keep Better Life and its staff in prayer as we offer ourselves as imperfect but willing vessels for God's purpose at this time.

Sean Murphy
Speaker/Co-Director, Better Life

Because Of You...

- ✓ Maria's Life Was Changed
- ✓ People Are Accepting Christ And Being Baptized
- ✓ Power Is Being Restored In People's Spiritual Lives

WHAT'S NEXT?

Inside:

- ✓ New Horizons: 2016—More Age Groups, More Cities, More People
- ✓ You Made A Difference In Their Lives
- ✓ Meet Your New Team

THANK YOU!

New Horizons 2016:

More Age Groups, More Cities, More People

- These three initiatives will expose more age groups and more cities to the gospel. We'll also be better positioned to reach the next generation for Christ.

Reaching Your Children And Grandchildren

The world is changing fast. More and more people are getting their TV directly from the Internet. Steps must be taken now to reach the next generation, this means your children and grandchildren.

This plan includes a complete overhaul of our website, making it a digital hub for various types of media content. This will be a place to find answers from the Word of God, answers to question about life, and death, forgiveness and redemption, delivered in video, audio and written content.

New Horizons will include the addition of Better Life's four channels and "Video On Demand", on Roku, Apple TV and Android TV and other INTERNET television platforms. This additional step taken to spread the gospel will expand Better Life's reach into areas of the West Coast without TV service, as well as the world!

Creating New Programming

As times change, the need for fresh current and relevant programming also changes. Better Life must consistently deliver the solid unchanging truth found in the Word of God with a look and feel that will engage the viewing audience today. "New Horizons" includes development of new, fresh programs. Programs produced to be culturally relevant while maintaining strict adherence to the Word of God. Programs that will address our mental, physical, social and spiritual needs as God created us to be.

Along with fresh new programs is the need for new high quality equipment. High Definition program delivery is now possible after our equipment room upgrade. We now need to raise funds for new High Definition cameras and studio equipment. The goal is to produce both new engaging programs in both style and quality so that Better Life programing will compete with other programs found on other secular Television Networks. Networks that are working hard to attract the attention of the viewing audience.

Being Found

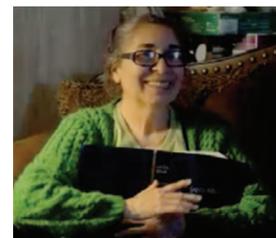

Better Life's programming can be seen in Southern Washington, most of the population of Oregon as well as in every major city in Northern California, but while the signal is available many people are unaware of it. We intend to change that.

We are proposing to launch an ad campaign in major cities to make the presence of Better Life known. We need people to know it's easy to get Better Life for free with just an antenna, or on Roku and other INTERNET television devices.

2 Corinthians 3:18 tells us, "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord." Let's work together to insure that your neighbor has every opportunity to "Behold" and be "Transformed" by the "Spirit of the Lord".

YOU MADE A DIFFERENCE!

LIVES HAVE BEEN CHANGED!

MARIA COULDN'T READ

Having never learned to read and having a deep yearning to know the Word of God, one viewer called and told us that God taught her to read. Clutching the precious Word of God to her chest and with ties of longing she would pray that she might come to learn and read God's letter of love for herself. One day she opened her Bible and began to read and to drink deeply from the comforting words of her Father.

BAPTISMS IN RENO

God is moving in Reno! Recently Better Life launched all four channels in Reno, Nevada. Within hours we began to receive phone calls from viewers who had found the new channels. In just a few short months we have received news of 2 baptisms and 6 additional viewers who are now attending church in Reno. Praise God who delivers his children from bondage and despair!

WHEN THE POWER WAS LOST, THEY GOT CONNECTED

God truly works in mysterious ways. One couple found joy, peace and comfort as they received the life changing news of Jesus unyielding love for them as displayed on the cross. This occurred when one night power in their neighborhood was lost. When the power came on, they were amazed to now be receiving Better Life and began to watch and learn as undeniable truths were presented day and night.

You Can Change Even More Lives

We simply could not carry out this life-changing work without your support...thank you!

There is still much to do and little time left to do it. We ask that you will prayerfully consider what else God would have you do in these last days of Earth's history.

The first phase of New Horizons: 2016 will require \$50,000. One generous supporter has given \$10,000, and two others have given \$1,000 each, and all three are challenging you to match their gifts. But any amount will help--surprise us!

Please use the provided envelope and partner with Better Life today.

Let's all work to finish this great work together.

YOU'VE BEEN CHALLENGED... SURPRISE US!
